Locating “My Culture” Resources for Elements of Intercultural Communication

### Finding the Best Websites

1. **Search the web using Google**, for example. Your best results will occur when you add words that are meaningful for your “My culture” assignment. You will improve your results by conducting an Advanced Search in a search engine.
   
   ![Google Search](image)

2. **Take advantage of the options of the search engine.** Notice the search query is described in the top line as a “sentence” for what is added in the specific categories below. It is often helpful to increase the number of results per page to decrease the amount of clicking you do.
